## What is Equity Corps of Oregon (ECO)?

Equity Corps of Oregon provides free legal representation for Oregonians to reduce family separation, deportation, and detention based on race and ethnicity.

ECO can help you file for asylum, apply for work authorization, and more. No cost legal services—also called “universal representation”— helps keep families and communities whole and supports a more just Oregon for everyone.

## Justice is only possible when we all can access it.

By connecting immigrant Oregonians to free legal support we are breaking barriers and building community power. Together, we can defeat exclusion and create shared prosperity.

## Who is eligible?

You may be eligible if:

- You live in Oregon
- You make less than 200% of the Federal Poverty Guideline as a household
- You are in danger of removal or are experiencing a civic exclusion, like being unable to work or travel, due to your immigration status
